1. the selection, from among potential students; and

Entry and selection requirements

- MVC will allow students who meet the entry requirements to enrol into the course for which they have applied.
- MVC will ensure that throughout the process of selection and admission, applicants are treated fairly, courteously and promptly.

The selection criteria and prerequisites where applicable for all qualifications may be found in the MVC website: www.mvc.edu.au

The selection process is in accordance with our *Access and Equity Policy and Procedure* available on our website.

The MVC selection process does not prevent MVC considering, in making decisions mentioned above:

- Any educational disadvantages that a student or potential student has experienced provided the student meets the entry procedure requirements.
- That the student or potential student may be enrolled in a VET unit of study in accordance with an arrangement between MVC and an employer or industry body
- That limits or restricts enrolments in some or all of MVC's places in a course

If it is necessary to provide a particular benefit to a student in order for the student to receive equal and fair treatment, then this does not prevent MVC from providing the student with that benefit. This must however be in keeping with relevant legislation.
